

40368: Mobility & Devices Fundamentals

Microsoft - Cloud

- **Nível:** Entrada
 - **Duração:** 21h
-

Sobre o curso

This three-day MTA Training course helps you prepare for Microsoft Technology Associate Exam 98-368, and build an understanding of these topics: Device configurations, data access and management, device security, cloud services, and enterprise mobility.

Objectives:

- Understand device configurations
 - Understand data access and management
 - Understand device security
 - Understand cloud services
 - Understand enterprise mobility
-

Destinatários

The Microsoft Technology Associate (MTA) is Microsoft's newest suite of technology certification exams that validate fundamental knowledge needed to begin building a career using Microsoft technologies. This program provides an appropriate entry point to a future career in technology and assumes some hands-on experience or training but does not assume on-the-job experience.

Programa

- Understanding Device Configurations
- Understanding Data Access and Management

- Understand Device Security
- Understanding Cloud Services
- Understanding Enterprise Mobility
